BARBARA A. CANTY

November 18, 1946 - September 15, 1983

This Annual Report is dedicated to the Memory of Barbara A. Canty . . .

A loving mother,

a dedicated wife,

a gracious lady.

She was a woman of remarkable moral conviction and great courage. She was an example for all the lives of those she touched with her understanding and tenderness.

She would want our hearts to carry only songs, our faces only smiles.

As difficult as that may be . . . let us try.

LET US ALSO REMEMBER

Irving "Flash" Jenness

June 17, 1918 - September 30, 1983

For twenty-seven years he taught the children of Rye more than "sportsmanship" in Little League baseball -- he taught them how to live it.

William "Bill" Moulton

June 7, 1911 - August 21, 1983

For ten years as custodian at the Junior High School, he made himself a parent to all the children of Rye who entered there.

"NO MAN STANDS SO TALL AS WHEN HE STOOPS TO HELP A CHILD."

SPECIAL RECOGNITION

We wish to convey our deepest appreciation to a resident who has given so much of herself in so many ways to benefit the entire Town.

She stirred greater awareness of the true spirit of patriotism, and developed unequalled meaningfulness to the Town's participation in patriotic purposes. As a member of the Town's committee for the Nation's 1976 Bicentennial Celebration, she rekindled the principle of brotherhood. As Chairman of Rye's 1984 Independence Day observance, she brought regional recognition to our Town for its participation in Portsmouth's Return of Sons and Daughters Celebration.

Last year, through her initiative and sole efforts, the Town of Rye for the first time in its history applied for and received a grant from the New Hampshire Commission on the Arts, qualifying Rye for future presentations by performing artists with State funding.

We are most grateful to Pat Gould for these and other outstanding services she has given to her Town.

With sincere gratitude,

BOARD OF SELECTMEN

J. P. Nadeau
J. P. Nadeau, Chairman
Maynard L. Young

TOWN WARRANT

The State of New Hampshire

To the inhabitants of the Town of Rye, in the County
of Rockingham in said State, qualified to vote in
Town affairs:

You are hereby notified to meet at the Rye Elementary School
in said Rye on Tuesday, the twelfth (12th) day of March, next at
nine o'clock in the forenoon, to vote by ballot on the following
subjects:

ARTICLE 1. To choose a Selectman for the ensuing three years; a
Treasurer for the ensuing year; two Budget Committee members for
the ensuing three years; a Budget Committee member for the ensuing
year; a Trustee of Trust Funds for the ensuing three years; a Li-
brary Trustee for the ensuing year; and a Cemetery Trustee for
the ensuing three years.

ARTICLE 2. To choose all necessary officers for the Rye School
District in accordance with the statutory procedure adopted by
said District at its March 1962 annual meeting.

ARTICLE 3A. Are you in favor of increasing the board of select-
men to five members?

ARTICLE 4. On petition of George Carpenter, Elva S. Carpenter,
Shirley V. Brown and 23 others, to see if the Town will vote to
reclassify a triangular piece of land located at the corner of
Washington Road and Lafayette Road and consisting of 4.2 acres,
more or less, from single residence to commercial, in order to
conform to the commercial character of the surrounding land. This
land is bounded northerly by Lafayette Road, easterly by Washing-
ton Road, southerly by land of Richard D. Sherwin, and westerly
by land of Vincint Corbett (Breakfast Hill Professional Building).

(This Article is recommended by the Planning Board.)

Polls will not close before seven o'clock on March 12, 1985.

You are hereby further notified to adjourn to meet at the Rye
Junior High School on the sixteenth day of March, next,
at seven o'clock in the evening, to vote upon the
following subjects:

ARTICLE 5. To see if the Town will vote to authorize the Board
of Selectmen to provide for the alternates to service the Town's
Boards as provided for under the provisions of RSA 673:6.

ARTICLE 6. To see if the Town will vote to authorize the Board of
Selectmen to apply for, accept and expend, without further action
by Town Meeting, money from the state, federal or other govern-
mental unit or private sources which become available during the
calendar year. Pursuant to RSA 31:95-b as amended.

ARTICLE 7. To see if the Town will vote to authorize the Board of Selectmen to borrow money in anticipation of taxes.

ARTICLE 8. To see if the Town will vote to allow a five (5) percent discount on all property taxes paid within thirty (30) days from the date of mailing of the tax bills.

ARTICLE 9. To see if the Town will vote to authorize the Selectmen to sell to the highest bidder at public auction or sealed bid such surplus Town equipment as is not traded in on new equipment this year.

ARTICLE 10. To see if the Town will vote to raise and appropriate five hundred and seventy-five thousand dollars (\$575,000) for the construction/renovation, equipment and furnishing of Town Hall and further if the Town will vote to raise such sums through the issuance of Serial Notes or Bonds on the credit of the Town for all or any of the portion of the sums raised and appropriated; and to authorize the Selectmen to determine the terms and conditions upon which the notes or bonds shall be issued including their sale and the time and place of payment of principal and interest, in accordance with RSA 33.

(This Article is recommended by the Budget Committee.)

ARTICLE 11. To see if the Town will vote to raise and appropriate fifteen thousand dollars (\$15,000) for the development of a closure plan for the Rye Landfill site on Lafayette Road.

(This Article is recommended by the Budget Committee.)

ARTICLE 12. To see if the Town will vote to authorize the Board of Selectmen to participate in the formation of a Maine-New Hampshire Solid Waste Cooperative. The purposes of this cooperative are to (a) educate the public to the seriousness of the solid waste disposal problem in the Seacoast area; (b) provide the basis for a coordinated effort to provide assistance from both States' governments in resolving the waste disposal issues; and, (c) promote a common effort among the affected communities to secure an environmentally safe resolution to the problem of solid waste disposal in the Seacoast area; and, to authorize the Board of Selectmen to enter into obligations in the name of the Town of Rye for such purposes.

ARTICLE 13. To see if the Town will vote to approve completion of the bandstand at Parson's Field as per the architectural plans provided to the Town for that purpose in 1981, the completion of which to be accomplished by a citizen's effort at no cost to the Town.

ARTICLE 14. On petition of Frances I. Holway, Robert P. Wyman, Patrick J. McKeon and 12 others, to see if the Town will vote to substantiate the dictum that whenever an article has been acted on at town meeting, the result of the vote has indicated a policy

which will be binding on the Town until rescinded or changed at a later town meeting, annual or special, and that the Selectmen and all town officials shall be bound to obey and enforce that policy.

ARTICLE 15. On petition of Edward F. Sherwin, Jacqueline L. Sherwin, Richard P. Sherwin and 15 others, to see if the Town will vote to elect the members of the Planning Board in accordance with RSA 673:2II(b).

ARTICLE 16. On petition of Jessie H. Herlihy, Robert P. Wyman, Richard P. Sherwin and 15 others, to see if the Town will vote to have the present granite blocks and iron arch at the entrance of Parsons Park removed and replaced by stonework which shall be approved by the Historic District Commission and a committee of former Parsons Park directors to be appointed by the past president of the Parsons Park Corporation. The expense of removal and replacement shall be covered insofar as possible by volunteer work and contributions and/or by proceeds from the sale of the arch and granite blocks and any balance of the donation which was given to the town by Parsons Park Corporation for the improvement of the Park.

ARTICLE 17. To see if the Town will vote to adopt a Dump Ordinance as follows:

Dump Permits: required for use of dump for disposing of refuse.

a. charge of \$1.00 per permit; presentation of vehicle registration for every permit purchased;

b. must be placed on the right front bumper before the first day of June.

Temporary Permits: required for use of dump.

a. no charge for temporary permit which is valid for three (3) days;

b. must be obtained by resident/property owner or the hauler must have a letter from the resident/property owner requesting the temporary permit;

c. must be prominently displayed in vehicle window.

Dump Site and Hours:

a. located at corner of Grove and Washington Roads;

b. operated Tuesday through Saturday, 7:30 a.m. to 4:00 p.m. (except holidays; closed Sunday and Monday);

c. dump attendant present during operational hours; will direct the proper placement of both trash and recyclable materials; can deny use of facility to persons in violation of this ordinance.

d. dumping is prohibited when the dump is closed; violators will be subject to charges of trespassing; persons leaving rubbish at the gate or along the roadside shall be subject to prosecution for littering;

e. all debris transported over Rye roads must be covered or otherwise contained to prevent spillage; non-compliance may be cause for denial of admission.

Penalty:

a. violation of this ordinance shall be considered a criminal violation; first violation may be subject to a fine of \$100 payable to the Town; second and subsequent violations may be subject to maximum fine of one thousand dollars (\$1,000) and denial of admission to the Rye dump.

ARTICLE 18. On petition of Lise J. Klinger, Brian S. Klinger, Esther V. Woods and 7 others, to see if the Town will vote to deed to Harold W. Higgins, Jr. and June L. Higgins of 476 Washington Road, Rye, for the sum of \$750.00 a certain strip or parcel of land situate on Washington Road in Rye and more particularly bounded and described as follows:

Beginning at a point on the southeasterly sideline of Washington Road at the northwesterly corner of land now or formerly of Harold W. and Doris M. Higgins; thence turning and running S31° 28'E by a stone wall and land of said Higgins three hundred feet (300'), more or less, to a point at said stone wall; thence turning and running S28°34'W one hundred sixty five feet (165'), more or less, by said stone wall and land of said Higgins to a point at the southwesterly corner of land of said Higgins; thence turning and running S53°W seventeen feet (17'), more or less, by other land of the grantor to a point on the easterly sideline of a stone wall; thence turning and running N38°34'W by said stone wall and by other land of the grantor three hundred (300') feet, more or less, to a point at land now or formerly of Gilbert and Pauline M. Rimbaud, thence turning and running N31°28'W by land of said Rimbaud one hundred sixty five feet (165'), more or less, to a point on the southeasterly sideline of Washington Road; thence turning and running N58°32'E along said Washington Road a distance of seventeen feet (17'), more or less to a point of beginning.

Meaning and intending to convey a strip of land as shown on "Plan on Parsons Homestead" owned by Esther W. Parsons, Rye, New Hampshire, revised March 1975 and April 1975, and approved by the Rye Planning Board on May 13, 1975, and recorded in Rockingham County Registry of Deeds, Plan No. D-5145.

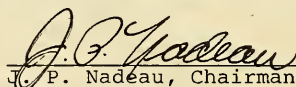

Meaning and intending to convey a portion of the premises described in deed of Parsons Park Corporation to the Town of Rye, dated May 13, 1978, recorded in Rockingham County Registry of Deeds, Book 2311, Page 1095.

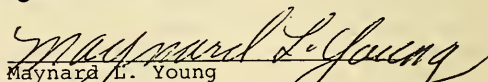

ARTICLE 19. To see if the Town will vote to authorize the Selectmen to accept, on behalf of the Town, a deed to a certain road known as Wayside Lane upon its completion with the specifications of said road as approved by the Rye Planning Board and provided further that the Director of Public Works and Highways shall confirm to the Selectmen that said road is in conformity with such specifications.

ARTICLE 20. To see if the Town will vote to accept the budget, submitted by the Budget Committee and pass any vote in relation thereto, and, to raise and appropriate such sums of money as may be necessary to defray Town charges for the Calendar Year 1985.

ARTICLE 21. To transact any other business which may legally come before this meeting.

Given under our hands and seal this fifteenth day of February in
the year of our Lord, nineteen hundred and eighty-five

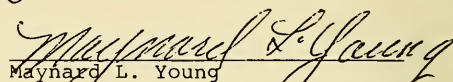

J. P. Nadeau, Chairman

Maynard L. Young

Shirley B. Tibbetts

ACCOUNTANT'S REPORT ON FINANCIAL PRESENTATION

To the Members of
the Board of Selectmen
Town of Rye
Rye, New Hampshire

We have examined the combined financial statements and the combining fund financial statements of the Town of Rye, New Hampshire as of and for the year ended December 31, 1984, as listed in the accompanying table of contents. Our examination was made in accordance with generally accepted government auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation as explained in the above paragraph, the combined financial statements and the combining fund financial statements referred to above present fairly the financial position of the Town of Rye at December 31, 1984 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The combining fund financial statements and supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the combined financial statements of the Town of Rye. The information has been subjected to the auditing procedures applied in the examination of the combined financial statements and, in our opinion, is stated fairly in all material respects in relation to the combined financial statements taken as a whole.

Carri. Plodzick. Sanderson

February 8, 1985

SELECTMEN'S REPORT

1984! A year that significantly carried forward the priorities we established and began accomplishing the year before -- preserving Rye's rural heritage, conserving Town expenditures, and improving the overall administration of business.

After more than a decade of automatic complacency with planning services being provided by a regional association, we hired our own professional planner to give specialized attention to Rye's uniqueness and to begin the difficult task of correcting zoning deficiencies that have built up over the years. Additionally, the Selectmen applied for and received a \$10,000 Federal grant for the preparation of a Master Plan. Zoning ordinances that are poorly worded or conflict with one another, and growth regulations that are enacted without having a Master Plan are declared invalid when challenged in the courts. The qualifications of the planning consultant we hired, who holds degrees in both Planning and Civil Engineering, are far superior to those of everyone who has ever before serviced our Town, and the cost for his services is less than what prior Boards had been paying for those less qualified. This upgrading of our planning services and completing a Master Plan which has laid idle for so long, will give Rye greater zoning protection and effective enforcement.

It was a year that demonstrated increased savings as a result of the computerization we implemented last year - a year that foretells the potential for future savings above and beyond the minimum annual savings of \$12,000 that comes from just having our own computer capabilities for general ledger keeping, payroll and tax billings. Through the dedicated efforts of our Secretaries and the cooperation of the Checklist Supervisors, we were able to get the Town's voter registrations on the computer in time for the September Presidential Preference Primary. As a result of that it is estimated that the Town saved \$1,500 associated with that election alone. Each time a change is made to the voter registration list, be it a change of party affiliation, the addition or deletion of a registrant, change in name, or correction of error, the Town saves approximately \$.50 per change.

Reduction of administrative costs begun last year continued in 1984 with significant accomplishments. Based on current figures, our having placed our workers' compensation insurance coverage with the New Hampshire Municipal Association will save the Town a minimum of \$3,000-5,000 every year. We followed that up with placing our medical and disability insurance through that organization as well. The savings to the Town by just placing those insurances through the New Hampshire Municipal Association was \$12,668.88 with another \$2,000 savings expected every year. What is particularly satisfying to us is the fact that while we accomplished these tremendous savings for the Town we, at the same time, decreased our premiums and obtained increased benefits for our employees. Major medical coverage went from \$250,000 to \$1,000,000, life and accidental death and disability went from \$5,000 to \$7,500, and group maternity benefits were added to comply with Federal law.

1984 was a year that demanded from each of us the very best we could give in service to our Town. Attempts to undermine the integrity of our efforts, to rob us of precious time, and to sap

Selectmen's Report (continued)

our energies failed. Accomplishments continued one right after the other. At no cost to the Town, except the work of the Selectmen, the Town acquired exclusive use of 43 acres of North Hampton land, the sole access to which is over Rye's Birchwood Drive. By doing so Birchwood Drive residents were spared from having land developed they were promised would not be and at the same time the Town was spared from having to serve a 20 lot subdivision, the tax revenues from which would have all gone to the Town of North Hampton. We applied for and obtained a \$24,100 Federal grant for further dredging and restoration of Stink Creek, to further the emergency measures we implemented last year while protecting the Town from having to bear the cost. Our tax maps, which have been outdated for so long, were reviewed, revised, and are in the process of being reprinted. Application forms for building permits and trenching permits were significantly modified to give greater enforcement protection to the Town.

1984 was a year that saw commendable efforts by individuals and civic organizations to work in harmony with our office for the common good. Through true civic mindedness of the Rye Women's League, the Rye Lion's Club and the Rye Business Association, major contributions were made to the Town's needy. Through individual efforts, Christmas decorations throughout the center of Town were initiated and improvements to Parson's Field were undertaken for its better utilization as a "Town Common" in keeping with the 1979 vote the people of Rye made at the time they decided to purchase the land. We acknowledge with great appreciation the generosity and personal efforts of Will and Irene Rand, the employees of Rand Lumber Company, Roger Philbrick, Glenn Trefethen, Mike Cavaretta, Kneeland Swenson, Paul Paradis, Andrew Croteau, Fred Millette, Alan Bucklin, Chris Courtney, Bob Leary, Matt Wagner, Lee Blaisdell, Bob Metcalk, Bruce Walker, Steve Laing, Don Philbrick and Pat Gould.

1984 saw the boisterous actions of a few dwell on a spirit of negativism while the quiet dedications of many fostered community benefits and brought back the spirit of Christmas.

Respectfully submitted,

BOARD OF SELECTMEN

J. P. Nadeau

BUDGET COMMITTEE

The first meeting of the Budget Committee was held on April 2, 1984, to organize. The following officers were elected: Robert B. Goss, Chairman; John B. Tobey, Vice Chairman; and Harold Sleeper, Clerk. Peggy Hoblitzell, Secretary to the Selectmen, presented the new in-house computer printout of revenues and expenditures.

A special hearing was held on July 26, 1984, to authorize expenditure of Revenue Sharing Funds for the reappraisal. A Budget Committee hearing was held the same night to act upon a supplementary budget for the Special Town Meeting to appropriate \$125,500 for the reappraisal. The status of receipts and expenditures was reviewed. The School Board presented their annual report showing a balance of \$85,889.88 to be applied to the current appropriation.

The Town had a balance as of December 31, 1983, of \$534,754. As a result of these two favorable balances, the tax rate was reduced to \$36.41 per \$1000 valuation in 1984.

The Budget Committee is presently holding hearings for preparation of budgets for the Town, School District, Rye Beach Precinct, Jenness Beach District and Rye Water District for 1985.

I wish to thank the Board of Selectmen, School Board, Department Heads, District Commissioners and Committee members for their cooperation for providing the Budget Committee with the necessary information to prepare budgets for the various Annual Meetings.

Respectfully submitted,

Robert B. Goss, Chairman

POLICE CHIEF'S REPORT

The Rye Police Department wishes to express their appreciation to those who assisted the Department throughout 1984. Thanks also to the Rye Fire Department for their continued close working relationship and dispatching after the Secretary leaves for the day.

I wish to thank the New Hampshire State Police for their continued support and assistance with traffic in some of our trouble areas. Thanks also to the Rockingham County Sheriffs Department for their continued support.

The crosswalks at Jenness Beach and Wallis Sands were covered by the Rye Police Department. There were officers patrolling the beaches during the day and also at night. I believe this contributed to less activity, drinking and drugs at our beaches.

The following is a list of arrests and summonses brought into court by the officers working the Beach Patrol: over 500 summonses issued for alcohol offenses, over 20 drug related arrests and 308 warnings. I want you, the people of Rye and the people who own cottages along the beach, to know and understand that during the months of May and June the summer help have not yet started their employment for the season. The beaches and the rest of the Town are covered by the regular patrol cruiser and, as I am sure you are aware, the officer in the cruiser is unable to leave the cruiser for any length of time in order to patrol the beaches on foot. It is my desire to increase the patrol from 10 weeks to 12 weeks, however, due to budget limitations, I am unable to do so at this time.

There are two laws that I would like to mention that are somewhat unknown. The first is RSA 265:71: stopping, standing or parking a vehicle except as otherwise provided in this section, every vehicle stopped or parked upon a roadway shall be so stopped or parked with the right hand wheels of such vehicle parallel to the right hand side of the traveled portion of the way.

The second is RSA 265:107-a: Child Passenger Restraints Required. No persons shall drive motor vehicle on any way while carrying as a passenger a child less than 5 years of age unless such child is wearing seat or safety belt which is properly adjusted and fastened or unless such child is properly fastened and secured by a child passenger restraint which is in accordance with the safety standards approved by the United States Department of Transportation in 49 C.F.R. section 571.213.

The following is a list of some items handled by this Department this past year: 1,273 summonses, 111 arrests, 993 warnings, 175 accidents, 415 alarms answered, 553 parking tickets issued, 866 miscellaneous items, 6,570 incidents handled by the Department in 1984.

Respectfully submitted,

Walter E. Dockham, Jr.
Chief of Police

BUILDING INSPECTOR'S REPORT

I was appointed to the position of Building Inspector/Code Enforcement Officer as of September 1, 1984.

I want to thank all Town Officials, Commissions, Boards, Departments and employees for their help and all of the contractors and residents for their kindness and consideration during my tenure.

The following list shows actions taken and dollar values during 1984 as compared to 1983.

	<u>1983</u>	<u>1984</u>
Total number of permits issued	266	289
Permits suspended or revoked	0	0
New Homes	33	29
Additions, repairs, remodeling	192	199
New garages (private)	6	7
New/resurfaced driveways	17	14
Storage sheds/workshops	2	14
New signs	4	1
New/repair chimneys	0	0
Swimming pools	4	2
New fences or walls	6	6
Demolition/razing of buildings	1	0
Observe/record test pits and percolation tests for septic systems/subdivisons	66	59
Repair existing septic systems	0	4
Zoning violation investigations	16	27
Attendance at court hearings	0	0
Value of permits fees collected	\$12,794	\$19,041
Estimated valuation of construction on applications	\$4,278,866	\$4,373,374

Respectfully submitted,

Carl M. Sampson
Building Inspector

FIRE CHIEF'S REPORT

Fire Department incidents for 1984 totaled 180 broken down as follows: structure 6; oil burner 2; arcing/downed wires 6; electrical 7; chimney 21; woods/grass 15; auto accidents 13; auto fires 3; investigations 26; public assist 8; ambulance assist 6; medical walk-in 1; fuel spill 8; false alarm 4; outside fires 4; unauthorized fires 7; alarm activation 21; mutual aid given 6; mutual aid received 0; chemical spill 1; lost persons 2; stove fires 11; and boat fire 1. Other activities include: ambulance runs dispatched 282; fire permits issued 522; other permits issued 59; and inspections 91.

The replacement of Engine One (vintage 1956) needs to be considered shortly. Present ages of apparatus: Engine One - 29 years; Engine Two - 9 years; Engine Four - 16 years; Tanker One - 16 years; Pick-up - 7 years; Van (shared with Police) - 16 years. Although the number of homes increases yearly, there does not appear to be any increase if the number of fires which speaks well for all residents. Please check your smoke or fire alarm for proper operation on a regular basis.

A word of thanks to other Town employees who assisted us and especially the Board of Selectmen for a pleasant year.

Respectfully submitted,

George W. Moynahan, Jr.
Fire Chief

REPORT OF THE TOWN FOREST FIRE WARDEN AND STATE FOREST MANAGER

Our first forest fire prevent law was enacted by our State Legislature 90 years ago. This early law set in place a cooperative forest fire prevention and suppression effort between city and town governments and State government. It simply stated that no open fire could be kindled, when the ground is free of snow, without the written permission of the town/city Forest Fire Warden. This law also stated that anyone kindling a fire without written permission shall be liable for damages caused, fire suppression costs and subject to a \$1,000 fine.

This cooperative fire prevention law has contributed significantly to our nationally recognized annual forest fire loss record.

1984 STATISTICS

	<u>State</u>	<u>District</u>	<u>City/Town</u>
Number of Fires	875	25	
Number of Acres	335	19	

Respectfully submitted,

Alfred Grimes,
District Fire Chief
George W. Moynahan, Jr.
Forest Fire Warden

PUBLIC WORKS DIRECTOR'S REPORT

In the position of Public Works Director, I am continually reviewing and justifying the money I am entrusted with. At the Annual Town Meeting in March of 1984, it bothered me to get up and ask for more money for the salt and sand account in the highway budget. While reviewing and comparing the number of snow storms of 1984 with the number of storms in the previous 10 years, I found the reason why more money was needed for salt. From 1975 through 1984 the roads were plowed an average of 6.5 times per budget year. In 1984 the roads were plowed 11 times. This comparison does not include the little storms that did not require plowing.

Putting snow into the roadway continues to be a hazardous practice of some residents of Rye. I am using a paragraph from the report of a former Highway Agent, Charles P. Gordon, in 1963 to express the seriousness of this practice. I quote, "I would like to take this opportunity to warn the people that it is illegal to push or throw snow from your driveways into the highway in such a manner as to cause a hazard upon the highway. You may be brought to court and you could be held responsible for damages should an accident be caused by the hazard".

The Rye Water District Commissioners have requested the roads in the area of their wells not be treated with salt. It is very important to protect the water since there is no other good source in the Town of Rye and bringing water from another town would be very expensive. I also have a responsibility to the traveling public to make them aware of the conditions of the roads in the area of these wells. Therefore, signs are being installed on each end of Garland Road to remind the public that Garland Road is not treated with salt and may be slippery when other roads are dry and safe.

In 1984 the highway department rebuilt over 4,000 feet of roadway, including sections of Sagamore, Brackett and Washington Roads. Thank you for your patience and cooperation during those periods of construction.

The Rye Water District extended their water mains on Long John Road and Brackett Road between Wallis and Washington Roads. Because the work on Brackett Road did not get finished before the weather turned wet and cold, the repairs to the road and the shoulder areas were not completed and extreme caution should be used while traveling in either direction on Brackett Road between Wallis and Washington Roads.

In 1984 the highway department purchased its first diesel truck. This truck is an International #1900 series, 32,000 G.V.W. rated, onto which the snowplow and wing set-up was transferred from a smaller ten year old truck. At the time I write this report we have not had a major snowstorm in which to truly test this truck.

Construction of the transfer station is underway and the trailer should be ready for transporting our solid waste to the Refuse to Energy plant on Pease Air Force Base this spring. Recycling is still a very important part of reducing and disposing of our solid waste and I encourage everyone to do their part to protect our environment by recycling those products which make up a large amount of our solid waste.

Public Works Director's Report (continued)

As the Town of Rye has grown in recent years, so have the services required of the highway department increased. In 1983 the Board of Selectmen changed the title of the department to the "Public Works and Highways" because of the variety of services the department delivers. In the Fall of 1984, in order to keep up with the work load, Glenn Trefethen was hired to the position of working foreman.

I wish to thank all the Town employees and the citizens of Rye for their continued help and cooperation during 1984.

Respectfully submitted,

Roger O. Philbrick, Director
Public Works and Highways

DUMP COMMITTEE

1984 proved that our recycling efforts will be most worthwhile, even though glass and can separation dropped off somewhat. We, of the Dump Committee, implore the citizens of Rye to make extra effort to honor the commitment we made as a Town two years ago to separate non-burnables from our trash.

Our "Throw Away" lifestyle costs big money, and affects all of us in our tax rate. It just doesn't make sense to pay transportation costs and tipping fees to incinerate resources that won't burn, that cause toxic ash as a result of burning, and would have brought money if sold to recyclers.

Using the State of New Hampshire formula, the value of our separation efforts exceeded \$16,500 last year. If we had done the whole job of separating, this figure could be over \$50,000, which would go a long way in defraying our current \$100,000 dump budget. Our goal as a committee is to run the lowest cost operation possible, and at the same time provide a model of neatness and efficiency that we can all be proud of. Trash disposal is a crisis issue in many communities and we don't intend to be in that position. We are visited by Solid Waste groups several times a year to see how a good operation is run, and we want to thank Roger Philbrick, Russell, and Chris especially for playing such a supportive role in these efforts.

Our recycling building is finally becoming a reality, and we hope to be in full operation by early summer. You will be hearing more from us between now and then as to how you can help us make it work best. WE CANNOT DO IT WITHOUT YOU.

A special thanks to those who
are separating now,

Richard A. Considine, Chairman

MOSQUITO CONTROL

Some residents labelled 1984, "The Year of the Mosquito". Indeed, this year was an exceptional year for mosquitoes due to excessive rainfall and irregular salt marsh flooding. The mosquitoes kept us busy, but sprayer maintenance became the priority.

During the winter, the truck mounted sprayer was vandalized. This tampering was not discovered until the sprayer was started in May. After many hours of labor and hundreds of dollars the sprayer was fixed. Well, it isn't perfect, but it runs, usually. So when we weren't working on the sprayer, we were spraying mosquitoes.

The salt marshes required spraying nearly every week during the summer. The moon exerting its gravitational forces upon the earth raises the tide levels high enough to flood the salt marshes. At this time, mosquito eggs laid on the marsh grass wash into the water and hatch into larvae. Newly hatched larvae are nearly invisible to the untrained eye. Larvae filter feed on the organic debris. These larvae are killed when a stomach poison, added to the water, gets filtered into the stomach. When the conditions are favorable, mosquitoes will develop from egg to adult in 7-10 days. This doesn't leave much time for larviciding. Once mosquitoes are airborne, adulticiding is the only alternative. Adulticiding is an expensive method of control.

Unpredictable flooding occurred when a tide wasn't quite high enough to flood the marshes, but heavy rains fell which made up the difference. Thanks to the rain we found mosquito breeding every 2 weeks. When the salt marshes need spraying, everything else comes second. Salt marsh larviciding is a true test of endurance. Workers must carry the 50 lb. gas powered backpack sprayer over miles of salt marsh, jumping trenches, falling in ditches battling greenhead flies and dehydration. This is difficult work, but it's the most effective and least expensive way to control mosquitoes.

Next year, an integration of control techniques will be used. This integrated pest management, IPM, was developed to effectively control insects while exerting the least amount of stress on the environment.

You may have noticed those black boxes on some of the salt marshes last summer. These are greenhead fly traps constructed by the mosquito control crew. The size, color and location of these boxes attract the greenhead fly. No chemicals are involved. The greenheads fly into the box and can't get out. They die from dehydration. Many other insects and spiders crawl into these traps and feed on the vast number of dying flies. More greenhead traps have been planned for the marshes. They are inexpensive, safe for the environment and effective.

Many thanks to those residents who offered their support and understanding during those difficult portions of the summer, particularly to the Selectmen. I want to offer my thanks and appreciation to those residents supplying electricity and a home for our light traps. Finally, I want to thank the mosquitoes for making my job so interesting.

Respectfully submitted,

Sarah Tillotson
Supervisor/Entomologist

RECREATION COMMISSION

The Rye Recreation Commission wishes to thank the people of Rye for their outstanding support in all our endeavors. Without our Townspeople we would not have had such a successful year. Our hopes for the future are to expand our programming to include all Rye residents.

Once again Ken Fox has managed the beaches superbly. From hiring the lifeguards to supervising their daily activities he has insured that Rye's beaches, our greatest asset, have remained safe, clean and enjoyable. This coming season the lifeguards will begin coverage a half hour earlier to better serve the needs of our residents and vacationers.

The 1984 Halloween Party drew over five hundred Rye children to Parson's Field where they were entertained by a magician, a story-telling witch, hayrides, games, and Dracula himself. The exciting news this year was that over a hundred parents and friends volunteered their services to make this the best Halloween Party ever.

We would like to extend our appreciation to our past director, Randy Call, who did such an innovative job in planning new programs. We were sorry to lose him to the recreation department of a prominent New England College. We are in the process of screening applicants to fill this vacancy.

The Recreation Department extends its support to the parents who direct and coach Basketball, Soccer, Little League and Football. Our adult programming continues to offer such physical activities as Aerobics while branching into new areas with an exciting Reading-Discussion Group being presented in cooperation with the Rye Library this winter.

Transferring the complexities of our department to the Town's computer system was made efficiently and easily thanks to the efforts of Selectmen's Secretary, Peggy Hoblitzell. The Recreation Commissioners would like to personally thank her for helping us in so many ways on numerous occasions.

Respectfully submitted,

The Rye Recreation Commission

CONSERVATION COMMISSION

We were shocked by the sudden loss of Commission member John Grimes. Susan Kutzleb was appointed to fill his term.

Memorial donations in memory of John Grimes were received by the Conservation Commission. Three memorial trees were planted in John's memory within sight of the Town Hall. There was one Norway Maple, one Tulip Tree and one clump White Birch. All are doing well.

Our principal project was done for us by the Town road crew, completing the loop wood road through the upper woods, Rye Town Forest. This will enable emergency fire access, and better forest management. The trails are actively used year round. If new residents are not familiar with this recreational asset in the center of Town, they may contact Conservation Commission members.

Several times during the year questions were asked by the Building Inspector on points of wetland interpretation. Sites were examined.

Members of the Conservation Commission monitor both Board of Adjustment and Planning Board. We like to keep track of the land decisions that are being made by these Boards.

We are expected to review each application to the New Hampshire Wetlands Board. We examine the site in question and send an informational report to Wetlands. We express opinions though we have no direct approval status. One major project currently under design is the proposal by New England Fish Farming Enterprise for raising salmon in salt-water pools on the fill ground to the west of Rye Harbor. The Conservation Commission held a public information meeting on this in December. The Planning Board will be studying this in the months ahead. All concerned want to be sure that the operation will work. Our close scrutiny of the proposal in the design stages is important.

We wish to express special tribute to Ralph Brown, concluding his service with the Conservation Commission. He has put a tremendous amount of work in study of local environmental concerns. His was the principal work in getting Wetland Zoning on the books. Creation of the Rye Town Forest, as management of 100 acres already Town owned, was his initial concept. The Commission has received several parcels of conservation land as his donation. The community owes Ralph a deep expression of gratitude in his work to preserve the natural features of Rye.

Respectfully submitted,

Louise H. Tallman, Chairman
Rye Conservation Commission

LIBRARIAN'S REPORT

The Rye Library has had another productive year of providing quality library service to the Town. The staff consists of Pat Stetson, Adult Services Librarian; Susan Torres Cronin, Children's Librarian; and Teddy Wyatt and Majorie Little, Library Assistants. Charles Lockhart is the Custodian. All of these people were important in providing the Town with good library service.

During the year the library has been the scene of much activity. Circulation increased again this year and reached a new high. More than 300 new borrowers joined the library. The monthly newsletter was distributed at several places in the Town and provided interested residents with news of library happenings, book reviews, and the latest library acquisitions. We added books on tape, which proved to be immensely popular with many patrons. A lecture series on the book "1984" sponsored by the N. H. Council on the Humanities was held on several nights in November and was most interesting.

The Children's Room was once again a beehive of activity. During the year, the following were offered: craft workshops, movies, Words at Play, Growing in Rye Summer Reading Program, International Club, Boston Children's Theatre stage production, Mr. & Mrs. Fish, and book talks. Pre-school story hours were held for 3, 4, and 5-year-olds. The Christmas carolling in local nursing homes was a success. The Trefethen Memorial Service Project, a program in which children made regular visits to residents of the Mark Wentworth Home in Portsmouth, was enjoyed by children and residents of the home as well. Again this year more than 1,400 children participated in summer activities at the library.

Library staff members attended various professional classes and meetings during the year, hosting several of them. The Library is a member of the Seacoast Library Cooperative, and the Director of the Rye Library is the current Chairman. The Library is also part of the Seacoast Film Cooperative and the Seacoast Fiction Depository.

The Friends of the Library have continued to provide help for the Library. At their monthly meetings, they do various library jobs. They also provide goodies for special occasions (such as holiday story hours), and they decorate the library for Christmas. The proceeds of their annual book sale were used to purchase some additional shelving for the Children's Room. We are most appreciative of their efforts.

Many local organizations and individuals have been very generous to the Library. The Rye Lions, the Rye Art Study Group, the Exercise Class, and the Seacoast Computer Group have all contributed time and/or money for books.

I would like to thank the staff, the Trustees, and especially former Treasurer Al Jee for their efforts during the year. Al resigned his position and will be sorely missed. During his years as Treasurer, he has been of immeasurable assistance to the Library.

Librarian's Report (continued)

The Rye Library will continue in its efforts to provide quality library service to the Town. We hope that we are a vital part of the Rye community and we appreciate the support of the Town and its citizens. Be a library user - you won't regret it!

Respectfully submitted,

Bette C. Owens
Library Director

LIBRARY TRUSTEES

The Rye Library underwent an interior facelift in 1984. New draperies were purchased from the gift fund to enhance the fresh coat of paint given to the main floor, the front foyer, and the two lavatories on the lower level.

Spring marked the final installation of the new heating system which has provided the staff and patrons of the Library with additional comfort. This system was provided with monies from the gift fund also.

Another installation provided by the gift fund was the new fire alarm system which will better protect our library staff and its contents.

We increased our book fine rates this year with a generally favorable response. The "fine" monies are always spent to purchase new books, tapes, records, etc.

A new addition to our media collection is "Books on Tape", which is displayed near the main desk on a stand donated by the "Friends of the Library". The "Friends" also donated the additional shelving units which were necessary to house new children's media on the lower level.

Our thanks again to Eileen Murphy who supervised the SAT review classes held at the Library.

Also our thanks to Pizza Hut for sponsoring "Library Forgiveness Week", (a week of free fines), which was felt to be a success by staff and patrons.

As the Rye Library continues to grow, an additional card catalogue was purchased to allow for the necessary filing expansion.

We concluded 1984 with our 2nd Annual "Christmas Wassail Bowl" sponsored by the Library Trustees and enjoyed by our ever-faithful patrons and staff.

We take this opportunity to express our appreciation to our Librarians and staff, to Mr. Al Jee for his invaluable financial advice and to the residents of Rye for their continued support throughout our "facelift" of 1984.

Respectfully submitted,

Katherine W. Baker, Chairman
Board of Trustees

PLANNING BOARD

The Planning Board met twenty-six times during the year -- twelve regular meetings, four special meetings, nine work sessions and several site visits:

- approving nine subdivisions creating thirty-nine new lots from nine parcels (net, thirty lots added);
- approving three lot line adjustments;
- reviewing several dredge and fill permits;
- approving two site plans;
- recommending several zoning and building ordinance changes;
- commencing work on the Town Master Plan Update;
- developing proposed work package for Federal grants.

During September the Board of Selectmen contracted for the services of a professional planning consultant, having outstanding qualifications for preparing a Draft Master Plan for the Town that would meet state requirements. This consultant, Michael Donovan, has been working diligently (and patiently) with the Board members and has completed assessment reports in nine areas required by the State. The \$10,000 Federal funds, supporting this professional effort, must be spent by February 28, 1985, resulting in a very tight schedule for the consultant and the Board.

1984 started with the following persons serving on the Board: Messrs. Jackson, Chairman; Rabchenuk, Clerk; Bartlett, Taylor, Griffin, Nadeau (representing the Selectmen), and Mrs. Swanson. Alternates: Messrs. Youschak, Goss and Wajda. Mr. Morgan, Rockingham Planning Commission, assisted the Board. At year end, Board members were: Messrs. Brown, Chairman; Wajda, Vice-Chairman; Rabchenuk, Clerk; Bartlett, Goss, Varrell (Selectmen's Representative), and Mrs. Swanson. Mr. Donovan, Consultant, is assisting the Board. There are no Alternates.

The Board and the Town are indebted to Messrs. Jackson, Griffin, Youschak and Morgan for their tireless services to the Town.

The Board holds its regular monthly meeting on the second Tuesday of the month at 7:30 p.m. in the Rye Courtroom. Mr. Donovan will be available at the Courtroom from 1-5 p.m. on this date and on the fourth Tuesday of each month to assist anyone desiring planning services involving a potential subdivision or lot line adjustment.

I thank all Board members, past and present, for their hard work, responsible actions and diligent attendance. The Board also thanks Representative Betty Greene for her wise counsel at the many Master Plan sessions.

Respectfully submitted,

N. Anthony Jackson, Chairman
through October 1984
James D. Brown, Chairman
through December 1984

RYE AMBULANCE CORPS

The Rye Ambulance Corps Inc. responded to 273 calls in 1984. There were 29 motor vehicle accidents, 188 medical emergencies, 56 transfers, 12 mutual aid calls to North Hampton. We were assisted on 136 calls by the Police and/or Fire Departments.

The Corps consists of 2 Registered Nurses, 12 Emergency Medical Technicians, and 7 advanced first aiders who are volunteers. Several members also hold advanced skills in airway management and shock treatment.

During the past year the Corps sponsored a yard sale to raise funds to aid in the renovation of the old highway building on Central Road to be used as a meeting and training center. Construction has begun and will be in full swing in the spring. Other community projects have been for blood pressure screening, information tables, CPR and advanced first aid courses.

The Rye Ambulance Corps provides twenty-four hour services to meet the medical needs of the community. Please do not hesitate to call us if you need us. The Corps is supported solely by the annual subscription of ten dollars per family and the very generous donations of the Townspeople. Thank you to all those who have supported us.

I would like to thank the members of the Rye Police and Rye Fire Departments for their support and assistance this past year. They have been very willing to assist when needed.

The Rye Ambulance Corps is always seeking new members. Training is available once a year for those without current qualifications as an EMT or advanced first aider. Please contact us if interested. Non-Emergency 964-6411; Emergencies only 964-8683.

Respectfully submitted,

MaryLou Carr, R.N.
President, Rye Ambulance Corps

HISTORIC DISTRICT COMMISSION

The Rye Historic District Commission was formed in the 1960s to oversee any changes within the newly created historic district which runs from the monument to Grange park near the school. The commission meets occasionally, as needed.

In 1984, the main issue before the commission were the changes at Parsons Field. Money left to make improvements in the field were spent erecting a stage, lighting and an archway without first proposing these changes to the commission. The commission met after the fact and voted against the changes even though there was no formal proposal before it. Once selectmen realized that due process had not been followed an alternative Parsons Field committee was set up instead of turning the matter over to the commission. This committee of five has one representative from the commission on it, and the issues they are to deal with in the field have still not been resolved.

The Historic District commission requests that all changes in the future be submitted to it for approval.

Respectfully submitted,

Alexander H. Herlihy, Chairman

PARSON'S FIELD COMMITTEE REPORT

The Townspeople at the March 1979 Town Meeting voted to buy Parson's Field, to be held as open space for a TOWN COMMON. By letter dated September 26, 1983, the past president of the then defunct Parsons Park Corporation processed delivery of funds to the Town that were gifts and could not be distributed to stockholders. That letter directed that "the principal and interest may be spent at the DISCRETION of the Selectmen for the purposes within the objectives of Parson's Park Corporation to preserve town land for recreation and open space."

The Committee, after seven meetings from July through January, voted unanimously to use Parson's Field as a Town Common. In addition, the Committee voted unanimously in favor of completing the bandstand in accordance with the 1981 architectural plans and in continuation of the volunteer effort initiated by the Selectmen. It was the further consensus of the Committee that should the present arch not be amenable to suitable revision in keeping with the architecture of the District, it would be removed. Also, by unanimous vote, the Committee approved the recommendation of Chairman Nadeau that the granite posts be aged to blend with the stone wall as well as to clear brush along the borders of the field; to increase peripheral lighting in an unobtrusive fashion; to install basic water service and to erect signage for informational and directional purposes.

The Committee wishes to express appreciation for the citizen effort for the work done already, and hope to receive equal effort for completion of future plans.

Respectfully submitted,

Parson's Field Committee

CEMETERY TRUSTEES

It has been a long time since any of the Cemetery grounds have been fertilized. This year we had the front area by the flagpole reseeded and fertilized. We also traded in a well used Toro riding mower for a new one.

We would like to remind those who have winter decorations or baskets on their lots to remove them before May 1st if they want to keep them. People should also be aware that snowmobiles, all terrain vehicles, motorcycles and horses are not allowed in the Cemetery.

We now find that we are forced to lock the Cemetery at night to prevent damage to the back field caused by vehicles driving over it, spinning tires, in an apparent attempt at "fun". We've also found evidence of some people using the area for drinking, and littering the Cemetery with their trash. These activities not only make a mess which we must repair and/or clean up, but also show a great disrespect for the Cemetery.

We would like to thank the Police Department for their cooperation in locking the gates each night and opening them at daylight.

Respectfully submitted,

Philip R. Varrell
Edward J. Ireland
Gordon E. Gaskell
Cemetery Trustees

BOARD OF ADJUSTMENT

A total of thirty-one petitions for variances, special exceptions and appeals from administrative decision were heard in 1984. Nineteen petitions were granted and twelve denied.

Michael Cavaretta was appointed to the Board, replacing John Murtagh.

The Board meets on the first Tuesday of each month.

Respectfully submitted,

John C. Squires
Vice Chairman

TRUSTEE OF TRUST FUNDS

Due to a strong economy we report capital appreciation in three major trust funds, the Dalton Fund, the Cemetery Perpetual Care Fund, and the Library Fund. We also received more income from the investments. A total of \$9,510.71 was turned over to the Rye Public Library for the purchase of books.

A major piece of equipment was purchased from funds received from the sale of cemetery lots. This was a new mower in the amount of \$5,850.00.

Our major goal for 1985 will be to improve our computer accounting systems so that the capital appreciation received from the sale of stocks can be added back to the individual perpetual care funds as advised by our auditors. We also hope to improve our bookkeeping system. Jane Ireland has taken over more of the bookkeeping functions of the Trust Funds.

Respectfully submitted,

Melvin R. Low
George McAlpin
Robert B. Goss

RESULTS OF 1983 TOWN MEETING

CORRECTION:

The 1983 Town Report with regard to the results of the March 1983 Town Meeting inadvertently shows Article 39 (To adopt a Beach Flotation Device ordinance) as Adopted. The record should show that Article 39 of the 1983 Town Meeting was DEFEATED.

ATTEST: Jane E. Ireland, Town Clerk

RESULTS OF THE 1984 TOWN MEETING

March 13 - Ballot Voting

- Art. 1. To choose all necessary Town Officials for the ensuing year.
- Art. 2. To choose all necessary School District Officers for the ensuing year; results recorded by the School District Clerk.
- Art. 3. To adopt Zoning Ordinance amendments as proposed by the Rye Planning Board. Amendments 1 through 4 were accepted.
- Art. 4. To adopt Building Code amendments as proposed by the Rye Planning Board. Amendments 1 and 2 were accepted.

March 17 - General Business Meeting

- Art. 5 ADOPTED - To authorize Selectmen to apply for, accept and expend monies from State, Federal and other governmental or private sources which become available during the fiscal year.
- Art. 6 ADOPTED - To borrow money in anticipation of taxes.
- Art. 7 ADOPTED - To allow a 5% discount on property taxes paid within 30 days of the mailing date.
- Art. 8 ADOPTED - To authorize Selectmen to sell to the highest bidder such surplus Town equipment as is not traded in on new equipment this year.
- Art. 9 TABLED - To create the position of Administrative Assistant to the Selectmen.
- Art. 10 ADOPTED - To appropriate \$33,000 for a new highway plow truck and to withdraw for this purpose \$33,000 from Revenue Sharing funds.
- Art. 11 ADOPTED - To accept as public roads the roadways located in the Rand's Spring Subdivision.
- Art. 12 ADOPTED - To name the baseball field used by the Rye Little League in memory of Mr. Irving W. "Flash" Jenness.
- Art. 13 ADOPTED - To allow the Teen Center Committee to use the building located at 37 Central Road for five years for the purpose of operating a Teen/Community Center, and to negotiate with the Rye Ambulance Corps for the use of the remaining one half of the building for training purposes and storage of equipment.
- Art. 14 ADOPTED - To appropriate \$15,000 for the purpose of installing and monitoring test wells around the Town's landfill site.

- Art. 15 DEFEATED - To establish a Capital Reserve Fund for the renovation and/or expansion of Town Hall and to take \$50,000 surplus for said purpose and place into said Fund.
- Art. 16 POSTPONED - To authorize Selectmen to sell a piece of land on West Road with an area containing 14 acres more or less, to the highest bidder with a minimum bid of \$18,000.
- Art. 17 DEFEATED - To appropriate \$111,000 for the revaluation of the town and to withdraw from Capital Reserve Funds \$66,429.51 plus accrued interest, and to withdraw from Revenue Sharing Funds \$30,000, and to raise the balance by taxes for the revaluation.
- Art. 18 ADOPTED - To direct Selectmen to call upon the Governor and Executive Council, State Representative(s) and State Senator to convene a Special Session of the Legislature for the purpose of preventing the imposition of huge cost increases in electrical rates resulting from the Seabrook Nuclear Power Plant.
- Art. 19 ADOPTED - To adopt a Beach Safety Ordinance: Glass containers of any kind are prohibited on the Town of Rye public beaches.
- Art. 20 TABLED - To adopt a revised Dog Ordinance.
- Art. 21 TABLED - To adopt an Amusement Device Ordinance.
- Art. 22 ADOPTED - To accept a Budget in the amount of \$1,389,344.
- Art. 23 To transact any other business which may legally come before the meeting.
- Meeting adjourned at 10:05 p.m.

RESULTS OF SPECIAL TOWN MEETING

August 28, 1984

- Art. 1 ADOPTED - To appropriate \$125,500 to fund reassessment of all taxable property within the town of Rye as ordered by the N. H. Board of Tax and Land Appeals; and to withdraw from the Revenue Sharing Fund the amount of \$20,000, and to withdraw from Capital Reserve \$45,000 plus accrued interest, with the balance to be raised by taxation.

Meeting adjourned at 7:08 p.m.

A true record, ATTEST: Jane E. Ireland, Town Clerk

TOWN WARRANT

(L.S.) To the inhabitants of the Town of Rye, in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Rye Junior High School in said Rye on Tuesday the twenty-eighth (28) of August, next, at seven o'clock in the evening, to vote on the following subject:

ARTICLE 1. To see if the Town will vote to raise and appropriate the sum of \$125,500.00, to fund reassessment of all taxable property within the Town of Rye as ordered by the New Hampshire Board of Tax and Land Appeals; and to authorize the Selectmen to withdraw from the Revenue Sharing Fund, the amount of \$20,000.00, and to authorize the Selectmen to withdraw from the Capital Reserve Fund established in 1978, the sum of \$45,000.00 together with accrued interest thereon in the amount of \$29,544.00 as offsets to the foregoing appropriation, with the balance of \$30,956.00 to be raised by taxation.

(Recommended by the Budget Committee)

Given under our hands and seal this thirty-first day of July in the year of our Lord, nineteen hundred and eighty-four.

J. P. Nadeau

Maynard L. Young

Shirley B. Tibbetts

Rye, New Hampshire, July 31, 1984

We hereby certify that we gave notice to the inhabitants within named, to meet at the time and place and for the purpose within mentioned, by posting up an attested copy of the within Warrant at the Town Hall, Rye Post Office and the Rye Junior High School, being public places in said Town on the thirty-first day of July, 1984.

J. P. Nadeau

Maynard L. Young

Shirley B. Tibbetts
